ATTACHMENT 2 - Supplemental Funding Pilot Program Matching Funds Guidance

1.1. INTRODUCTION

The following guidance is necessary for consideration in the DAF SBIR/STTR Supplemental Funding Pilot Program. The DAF reserves the right to adjust these guidelines at any time. Changes to these guidelines will be sent to eligible companies.

GENERAL GUIDELINES

- Funding used as matching for a prior SBIR or STTR Phase II award cannot be counted toward any funding increase contemplated under this program.
- Other Federal Agencies' SBIR/STTR funds do not count towards government matching, but they may be added to the Air Force SBIR contribution to expand the overall scope of the effort.
- Subcontracts do not count for the purposes of matching.
- If the matching funds are to be applied to the TACFI or STRATFI Phase IIB or Sequential Phase II Award directly, then the specific tasks for which non-SBIR matching funds will be applied must be identified in the "Payment Amount" column of Attachment 1 of the Customer Memorandum, and the competitors from both 1) the organization that provides the funds and 2) the organization that awards the funds will need to agree with the use of those funds for those specific tasks that are identified.
- The Supplemental Funding Increase form in Attachment 4 must be completed and included in response to this Notice of Opportunity.

TACTFI FUNDING INCREASE (TACTFI) SPECIFIC GUIDANCE

- The MINIMUM amount of SBIR/STTR funds that the Government may provide any single participant is \$375K.
- The MAXIMUM amount of SBIR/STTR funds that the Government may provide any single participant is \$1.7M. The amount of SBIR/STTR funds ultimately awarded is subject to funding availability, SBA Waiver Rules (as applicable), and negotiated agreement with the Air Force.
- The MAXIMUM amount of SBIR/STTR funding that the Government may provide against a single TACTFI effort, unless a written exemption is provided by the AF Ventures Division Chief, is governed by a "Maximum Matching Ratio (MMR)". Two MMR options are provided below:
 - Dual-Use Matching Option.** The Maximum Matching Ratio (MMR) is one part SBIR funds for every one part ~~eligible third party funds~~. With a minimum contribution of \$375K from Air Force SBIR funds and \$375K from eligible third party funds.
